Home Learning Pack for 5th & 6th Class

Hello everyone,

Well, we made it. Hurray!!!

Little did we know back on March 12th when I told you that you would be off for 2 weeks that we would not be returning to school. I know that I thank you every week in this letter but I would like to sign off with a huge special thank you to yourselves and your parents. It has been a strange time but we have all been in it together. Distance learning has been new to us all and the teachers have had to learn very quickly. Getting work together every week takes time and has kept us extremely busy but it has been thoroughly worth it when I see just how much you and your parents have all been involved by taking on the tasks.

Your standard of work has been fantastic, it has made me proud, made me smile and made me laugh at different times. Your videos, comments, pictures and creations have been a real morale booster. So well done and give yourselves a big clap on the back. I hope you all have a great summer and take a well-earned break. We will all return refreshed in September.

So for one last time, the tasks this week are as follows.

SPHE – See Seesaw for an End of Year Activity to remember this strange year. It might be a nice idea to print it and keep it for yourself.

Lego Challenge 2 – Following on from last week's Lego creations, there is a new set on Seesaw for you to construct.

Green Schools - There are many resources on the link below to encourage cycling safety and celebrate cycling:
https://greenschoolsireland.org/celebrate_cycling/

Art – The Hand Line Design – see Seesaw

PE - For the last Active blog of the year, Ms. Kavanagh has included a you tube video that shows several station ideas that you can adapt to suit your family: <https://www.youtube.com/watch?v=3f06jQqnoi0>

Enjoy the last few tasks and enjoy the summer holidays.

Best wishes to everyone and hope that you all stay safe and well.

Mr. Busher
